

DORMITORY STUDENT VEHICLE REGISTRATION

Recognizing, that in some instances, it is a convenience and savings in time and money for the student to have a vehicle on campus, PAA allows students to bring vehicles on campus for their personal use. This form must be filled out in advance and the student must agree to abide by the printed and announced policies regarding vehicle use. Any infraction of this agreement may result in vehicle privileges being revoked for the student and the student being required to take the vehicle home. Vehicles must be registered and parked in the assigned parking area and the keys left with the respective deans. If the student is 18 years of age and both the vehicle registration and insurance are registered in his/her name, the parent/guardian need not endorse this form. In all other cases the parent/guardian of the student responsible for the vehicle must complete and sign this form.

STUDENT NAME _____ AGE _____

VEHICLE MAKE _____ MODEL _____ YEAR _____

COLOUR _____ PROV. OF REGISTRATION _____ PLATE# _____

DRIVER LICENSE# _____ PROVINCE _____ CLASS _____
