

# Maple Hall Transportation Liability Waiver

Student Name \_\_\_\_\_

Date \_\_\_\_\_

In accordance with our insurance policy and school regulations, students may leave campus in a vehicle driven by their brother/sister. If your son/daughter would like to leave campus in a vehicle driven by any other individual(s) that are 21 years of age or older, (other than a PAA student) we need a specific list of those names of individuals. We must have all of the above before allowing your son/daughter to leave campus with these drivers.

If a driver other than yourself (parent/guardian) or those already approved on the list above will be providing transportation during school breaks, you must arrange for this with the Dean's office and or the Administration if the driver is younger than 18 yrs. of age, well in advance of the departure date so that we can get all the documentation needed to get your child home for that particular school break.
